

Brush Collection

Event Date

Wed, Nov 29 2023, All day

Brush collection occurs every other Wednesday. Items considered brush are larger sticks, branches, and debris from pruning shrubs or trees. This does not include logs, stumps, or large limbs. The Town does **NOT** pick up debris from contracted landscaping projects or tree services.

Please have the items stacked at the curb. Tree limbs must be cut to no more than five (5) feet in length and six (6) inches in diameter. The Town will pick up 3 cubic yards of brush per household at no charge. Make sure you do not mix trash in with the brush.
